## Mrs. Garvin's and Mrs. RL's Kindergarten

We cannot believe that in less than 20 school days, this class of Sacred Heart Kindergarten children will be finished and moving on to first grade! There are so many things we want to do with them yet! The children effortlessly handled the rigors of the Iowa Test of Basic Skills last week. They were wonderful workers!

Our Smoke-Free Class of 2023 T-shirts arrived and we are proudly wearing them on Mondays.

We are finishing a seeds and plants unit. We will be learning about the area of rectangles and squares in **Math**, as well as counting backwards from 30 and being able to tell the "Number-in-between." (e.g. 35 \_\_\_ 37).

The children are enjoying reading the take-home-books. Our last sounds are j and short u. Some new sight words we will be learning are **he, she, run, not, will, yes, and no**. Just remember that not all words introduced become sight words for most children right away. It takes lots of practice, so continue practicing the reading booklets that come home with your child.

### Upcoming Events

We will be studying the Farm and taking a bus to visit Judy and Dale Hoffman's farm on Tuesday, May 24. Please return the attached Field Trip Permission form by Friday, May 20.

Our last **book order** is due back to me on Tuesday, May 10. Thank you for all of the support you give your children through reading.

We will be making the **hot plate trivets** next week, so if you want your child to participate in this project and have not paid your \$4 fee, please do so as soon as possible.

Parents are invited to eat lunch with their children on Friday, May 13. The Sacred Heart School Art Show will be open from 10:00 A.M. - 2:00 P.M.

### Last Day Plans

Our last day of school will be on Friday, May 27. The students would like to invite all parents to come to our classroom for a small thank you program at 12:45 p.m. Everyone is invited to attend the End of School Mass following at 1:30 p.m.

### Thank You!

We want to thank everyone from the bottom of our hearts for allowing us to be your child's kindergarten teacher. Every one of these children is a special treasure from God. They will forever hold a very special place in our hearts.

Mrs. Deb Rysavy Lien
